THE WEEKLY DIGEST

Volume 36—Number 8

Section TWO

Week of August 24, 1958

INDEX TO VOLUME 35

January Through June 1958

As you know, items in QUOTE, arranged alphabetically according to subject matter, are regularly assigned an index number. In our semi-annual index, the first numeral in each reference indicates the issue of QUOTE, the second numeral refers to the location of the item within that particular issue, according to its index number. Thus, in the first column of this index, "Accuracy, Inaccuracy—18-1," tells you that an item on Accuracy, Inaccuracy will be found in the eighteenth issue of QUOTE under index number 1.

One or more letters, following an issue number, refers to material in regular departments. For example: "America, Future—22-TT;" indicates that an item on America, Future appears in Tempo of the Times in issue number 22. The reference to "Freedom—1-SB;" means that an item on that subject appears in Quote Scrap Book in issue 1. The reference to "Advice—4-e;" means that an item on that subject will be found in the regular Good Stories section of issue 4 under index letter e.

Quotations in the section May We QUOTE You On That? are also numbered consecutively. In the index, a reference such as "Alaska—3-6Q;" refers to a quotation on that subject in the 3rd issue, numbered six in the May We QUOTE . . . section. When the letter t follows the Q, as in the reference "Armed Forces—26-2Q-t;" it indicates the special Quote-ette feature in issue 26. A complete list of department abbreviations appears below:
